Reel Fed Machines

Make	Description
8 colour automation – a4 laser (reel to sheet)	8 colours, 2 reels, cuts to a4, a3 or 12". lateral, skip & magnetic; cross perforation, board inserting, file hole punching, crash; numbering, uv drying, in-line sollas film or paper wrapping (a4), waximum web with 445mm
4 colour automation – a4 laser (reel to sheet)	4 colours, single reel, cuts to a4, a3, 12" or 24". lateral and cross, perforation, uv drying, maximum web width 520mm.
4 colour Müller martini – a4 laser (reel to sheet)	4 colours, single reel, cuts to a4, a3 or 12". lateral perforation, uv drying, in-line sollas film wrapping (a4), maximum web width 520mm
7 colour formprint - multi web offset (reel to sheet)	7 colours, 3 reels, fixed size cylinders, 16.66" (a3). Including in-line gluing, lateral perforation, duplex numbering system, file hole punching, maximum web width 470mm.
6 colour formprint - multi web offset (reel to sheet)	6 colours, 3 reels, fixed size cylinders, 16.66" (a3). Including in-line gluing, cross and lateral perforation, crash numbering system, file hole punching, maximum web width 470mm.
5 colour drent x 2 - single web continuous press (reel to reel/fold)	5 colour single web, 17", 20", 22", 23 1/3", 24" cylinders, lateral perforation, cross perforation, file hole punching, sprocket punches 1 and 2 wide, maximum web width 483mm.

Sheet Fed Machines

Make	Description
Heidelberg GTO 52	Single colour with numbering and perforating facilities, size 360 x 520mm.
Heidelberg speedmaster 52-5ph	5 colour 5/0 or 3/2, size 360 x 520mm. ir drying. cpc 1-04.cp-tronic, autoplate, pre-make ready, technotrans alcolor dampening, hi-pile delivery. cito perforating, scoring and cut out system

Finishing Equipment

Make	Description
Formklect sheet collator	5 stations with crash numbering.
Horizon sheet collator	30 station – will saddle stitch, fold & trim, or side stab.
Horizon sheet collator	10 station.
Stahl B2 folder	B2 shortedge feed, buckle with slit and extract facility.
Schneider programmatic guillotines	With uplift and download facility.
Hang drill – 2 heads	
Hang drill – 6 heads	
Boston 4 headed stitchers	
Boston single headed stitchers	
Worsley brehmer single headed stitcher	
Hohner five headed stitchers	
high speed bvm automatic shrinkwrapping line	
Efk automatic shrinkwrapping line	
Vacumatic counting and tabbing machine	
Erapa paper banders	
Horizon spine tapers	
Automation padding machine	
Brackett padding machines	
Bielomatic P368 collator	6 webs, crimping, line glueing, multiflexing, reel to fold / sheet, crash numbering, side trim, cross perforation.
Bielomatic P368 collator	4 webs, crimping, line glueing, reel to fold / sheet, crash numbering, side trim, cross perforation.
Ram bundler
